

OMFIT tutorial: introduction and kinetic EFIT (remote demo)

**Orso Meneghini
General Atomics**

**Presented at the
2018 BOUT++ Workshop
Livermore, CA
August 14, 2018**

This is not a presentation with slides, but rather a live demo. Unfortunately there is no recordings of the demo.

People who are interested in OMFIT can watch the following series of video tutorials

and in particular, the kineticEFIT tutorial video:

which is very similar to what Dr. Orso Meneghini gave at the 2014 BOUT++ workshop.
